### Deny Request for Private Street

A request by the Lomita Property Owners' Registered Voters, Incorporated, for the grading and oiling of a private street between Oak Street and Narbonne Ave. has been denied.

This was announced today by Supervisor Burton W. Chace who pointed out that the Los Angeles County Road Department is not permitted to provide improvement of private streets.

"Our investigation revealed that this private road not only serves as access to adjoining residences between Narbonne Avenue and Oak Street but also allows usage by through vehicular traffic," Chace said. "Under these conditions, it would be advisable if adjoining property owners would stand the expense cooperatively of grading and oiling this private street."

### HOUSING SHORTAGE GROWS; PROFITS FOR VACANT LOT OWNERS

*Houses for Rental Yield Three Times Greater Return Than Next Best Investment, Say Experts*

A recent evaluation of the investment market shows that owning a home for the purpose of renting it out for income, returns the owner 15% profit (if self managed)—approximately three times the return on money invested in stocks and bonds.

And, the beauty of rental property is that anyone earning \$400.00 per month or more can become a landlord and enjoy the benefits of additional income.

If you own a "lazy lot"—vacant lot or oversized backyard that costs you money in taxes and maintenance, you can put a second home on the front or back of your property; a single or multiple unit on your vacant lot and start enjoying added income right now.

Harmony Homes, leading Southern California "on-your-lot" builders, will advise with you on the possibility of your building a home for income or occupancy.

Harmony Homes, builders of over 7,000 homes, with 19 offices throughout Southern California, are the only on-your-lot builders: 1, offering a written money back guarantee on every home they build, 2, granted indemnity agreements by every major title company in the area, 3, with a rigidly enforced quality control system. Harmony Homes builds quality 2, 3 and 4 bedroom homes ranging in price from \$4245.00 with 100% financing available depending on model and area.
